Complete details on WHO-HOW-WHEN & WHERE will be included in the next magazine which will be published by the end of March.

COMPETITION REQUIREMENTS

The basic club licence will be required for all lap dashes and motorkanas, except for events which are stipulated practice days only. It is however recommended that you obtain this licence as soon as possible by paying the Secretary of our club \$4.50 and he will issue it.

THIS LICENCE IS ALL THAT IS REQUIRED FOR ALL CLUB COMPETITION.

Should a member wish to compete in a RACE meeting - Historic or general he then sees me for an application form to get a General Competition Licence. Before being issued with this licence the applicant has to attend a lecture at C.A.M.S. on safety and regulations and compete at an observed race meeting held by C.A.M.S. (Refer over).
